Objective

Seeking an internship or co-op beginning summer of 2007 in Electrical Engineering.

Education

Iowa State University, Ames, IA
Bachelor of Science in Electrical Engineering
Expected Graduation: May 2009
GPA: 3.1/4.0

Work Experience

General Electric Transportation, Grain Valley, MO

June-Aug. 2006

- Worked as an intern in variable cost productivity making products more cost efficient
- Lead project to design cable for new product, consulted and worked with engineers to meet requirements, main contact for project progress and information
- Worked with a team in replacing parts that were obsolete and not cost effective

Self employed tutor, Glen Ellyn, IL

- Math: Geometry
- Math: Pre-algebra

Apr.-May 2005

May 2004

Required self motivation and communication skills. Enjoyed working with students and teaching math concepts.

Course Work and Skills

Analog circuit analysis with lab.

Learned about calculating different measurements found in circuits.

Currently taking classes dealing with signals and systems and electromagnetics

Activities

National Society of Black Engineers (NSBE) 2006-07 Treasurer-Iowa State Chapter

Marching Cyclones Drill Team (MCDT)

Carver Academy Peer Mentor

Awards and Honors

George Washington Carver Scholar:

four year tuition scholarship from Iowa State University

Two College of Engineering scholarships from Iowa State University

National Achievement Semi-Finalist

Illinois State Scholar
