

AST Club Members:

Meeting highlights for October 28th,

There were 36 members in attendance.

### **New Business**

-Snow blower service days are Friday November 7<sup>th</sup> from 1p.m.-6p.m and Saturday November 8<sup>th</sup> from 8 a.m.-3 p.m. This is our biggest fundraiser that is used to pay for all of the food at meeting, club apparel, and trips. The constitution states that it is your duty as an AST club member to participate in the event. The more people that participate, the better everything goes. For new members and younger members; this is a good way to get involved, and meet other club members. Hope to see everyone there

-The fall trip will be on November 14<sup>th</sup> and 15<sup>th</sup>, traveling east to Illinois. A signup sheet went around at the meeting, e-mail Rick Hopper at [rhopp24@iastate.edu](mailto:rhopp24@iastate.edu) for any questions, or to be added to the list

-Club apparel is for sale on a first come first served basis. If you plan on attending the trip, it is highly recommended to wear club apparel during the visits

-We need volunteers that would be able to drive a van for the spring trip. If you are 20 years old you are eligible to take the van safety training. Below is the registration page. <http://www.transportation.iastate.edu/van-and-trailer-training>

-Be sure to “like” Agricultural Systems Technology Club on Facebook to stay in the loop with meetings, and events.

\*The next meeting will be Tuesday November 11th, in Elings room 0308 at 7p.m. Pizza and pop will be provided

**See you all at service days**
