

AST Club Members:

Meeting highlights for September 2nd,

Welcome back, and welcome new members to the AST Club. There were 47 members in attendance at the meeting, including 24 new members.

New Business

-Jacek Koziel talked about study abroad opportunities this coming summer to Poland. For more information visit: <http://isuabroad.iastate.edu/?go=polandabe>

-Randy Grey from Northland CDL training presented about opportunities for club members to enroll in a CDL training/preparation course. Contact trevor@iastate.edu for more information.

- We need members to fill roles in the fall committees. There are still spots available in the snow blower service days, and fall trip committees. This is a great way for younger members to get involved in the club, and meet some of the older members. It looks good on a resume, and gives you something to talk about in an interview. To volunteer, or get more information, talk to a club officer.

-There will be a John Deere information meeting September 22. Be sure to mark your calendars.

***The next meeting will be Tuesday
September 16, in Elings room 0308 at
7p.m. Pizza and pop will be provided as
usual**
